**Items of Interest**

- Blount Designed, Built and Patented Bow Landing Ramp
- Blount designed and built 18 passenger Glass Bottom Boat
- Patented Stern Swim Platform
- 18 Passenger USCG Certificated Shore Launch
- Second Deck Vista View Lounge: A Multi-Functional Public Room usable as a Lounge/Reading Room which can also function as an auditorium with seating for over 98 people for lectures/side shows.
- Low-Res flexible propulsion engine mounts and vibration isolators on all other machinery.
- Unique Blount designed ventilation system constantly supplies fresh air to each passenger cabin while removing "used air" to the outside. This system feeds fresh conditioned air to every cabin. Therefore passengers breathe 100% fresh air in their cabins.
- Blount designed acoustic "floating deck" between engine room and main deck cabins for sound attenuation.
- Blount designed retractable pilothouse for passage under low bridges in inland waterways.
- Power stair lifts available for passengers (between Main, Second and Third decks).
